# Southeast Iowa Lead Azide Detonation
# SOIL SAMPLE COLLECTION FORM

### Your information (for questions or returning sample data)

**Full Name:** _____

**Organization (optional):** _____

**Street Address:** _____

**City / State / ZIP:** _____

**Phone Number:** _____

**Email Address:** _____

### SAMPLE COLLECTION DETAILS

Place approx. 1 cup of soil in a Ziploc bag. Remove grass and vegetation and sample from the top ½ inch of soil. Label the bag with the sample number (see the table below). Record the date and location of the sample in the table below. Please sample a location prior to 11/20 and then again after the detonation. All samples can be dropped off at 117 Maple Drive in Mediapolis by **11/23** or call 402-554-3868 for other arrangements. Place your individually bagged samples and a hard copy of the form in an outer plastic bag (large Ziploc or shopping bag and tie it closed).

Any questions – contact Dr. Shannon Bartelt-Hunt, Professor, Department of Civil and Environmental Engineering at sbartelt@unl.edu or 402-554-3868

Record the date and specific collection location for each soil sample.

| Sample | Date Collected | Sample Location (address, GPS, or description) |
|---|---|---|
| 1 | | |
| 2 | | |
| 3 | | |
| 4 | | |
